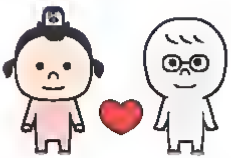
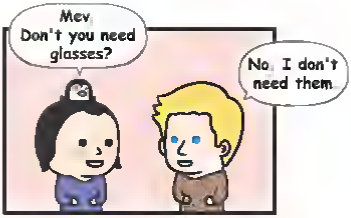
Penguin Loves Mev In the UK

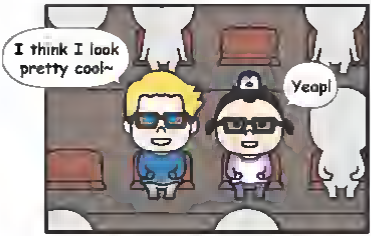
These are your glasses: Part 1



I've liked men who wear glasses since I was a kid.

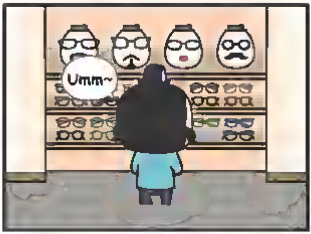


Sadly,
Mev's sight is good so
he doesn't need to wear glasses.



But as Mev liked glasses as well,. . .

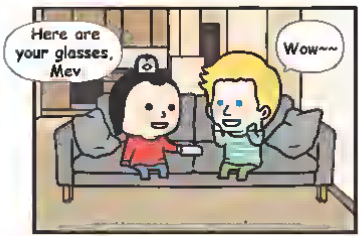
...I decided to buy
a pair of glasses in Korea because
there are a variety of designs
at different prices



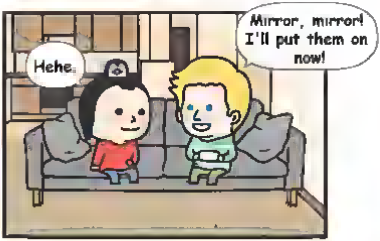
So while I was in Korea,
I sometimes went to glasses shops
and looked around.

After I had thought herd,
I bought a pair of glasses.

The glasses were dark brawn, softly angled and a fashianable design



Finally I handed the glasses to Mev.



Mev and I were excited,
Mev quickly put them on.

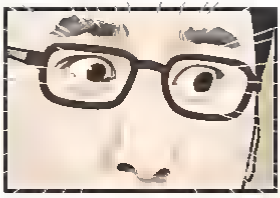
But....

...unfortunately...

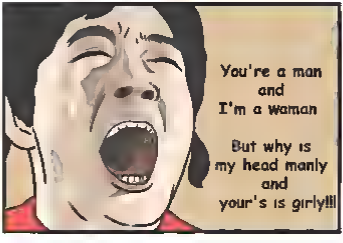
Mev wearing the glasses looked a bit like a chihuahua wearing a retriever's clothes. There was a size issue

When I choose the glasses in Korea,...

I used my face as a guide.

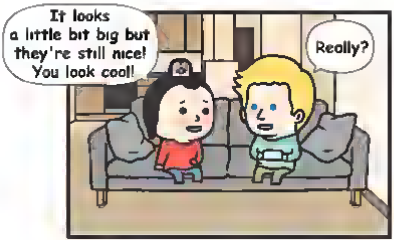


The glasses still fit me very well
when I tried them an



I had fargatten just
haw small Mev's head was
Hat tears ran dawn my face.

Anyway,...



...although the glasses were big for Mev, I thought he looked very nice wearing them.

To be continued...
